# Medical Advice and Inoculations for travelers

Travel is exciting, especially if you're prepared. Discomfort can often be avoided by taking proper precautions before you leave home, and knowing how to reduce your risk of health problems after you arrive at your destination.

## Up to date

At Family Practice Center in Selinsgrove, we will provide you with up-to-date information, including health tips and medical needs for your upcoming trip.

Our services include:

- Review of your travel itinerary
- Recommendations regarding
  - Preventive medicine
  - Inoculations
  - Immunizations
- Administration of inoculations and immunizations
- Travel Tips

Family Practice Center  
is an approved provider of

*Yellow Fever  
Inoculations.*

**1** Please call at least **one month** before your departure date, and we'll schedule a half hour appointment to assess your needs and provide necessary inoculations, immunizations, medications and travel tips for you and your entire family. A return appointment will be scheduled only if a series of shots is required.

**You will need to bring with you...**

- a copy of your itinerary
- list of medications you currently take
- your prior immunization records
